

You're almost done with high school.

READY

Are you ready for college courses?

SET

SMARTER BALANCED TEST SCORES

GRAD

11th grade Smarter Balanced test scores help you decide which courses to take to be ready for college, and they tell colleges whether or not you're ready for college-level courses.

Ask your counselor about Bridge to College courses if you score a 1 or 2.

1

You can still go to college if you score a 1. You'll need more support in your senior year, and you may have to take remedial courses in college.

2

You can place directly into entry-level courses at community and technical colleges if you score a 2 **and** get a "B" or better in your Bridge to College course.

You're ready for college-level math and English if you score a 3 or 4.

3

If you score a 3 or 4, many colleges won't require remedial courses or additional tests before you enroll in college-level math and English. Consider taking a dual-credit course to earn college credit your senior year in high school.

Check with the colleges you're interested in to find out if they have additional requirements.

4

FACT: Continuing your education after high school is necessary to compete in today's economy. For more on college readiness and financial aid, visit www.readysetgrad.org, your resource to find, pay for, and complete the educational path that's right for you.
